

**be the baker**

*frozen berry almond + almond croissants*

**Please note** - These DO NOT need to be proved just baked, which is great when you're in a hurry. Price is per dozen ready to bake croissants! Pick up in store.

If using immediately, take from the fridge and place evenly spaced on a baking tray, lined with baking paper, while you preheat your oven to 170c.

Place in the oven and bake with no fan (if possible) for 23 minutes or 20 minutes with the fan.

Once baked, dust with icing sugar.

**\*note:** if you're baking your twice baked from the freezer, allow to thaw first before baking

Happy baking x
